The Board of Trustees recognizes that district administration performs essential roles and functions in support of student learning, including the provision of instructional support and services to schools as well as the responsible management of noninstructional operations. The Superintendent or designee may make decisions concerning district operations within the parameters of law and Board policy.

The Superintendent shall provide leadership in developing administrative regulations and organizational structures, decision-making processes, and staff action plans that allow the district to fulfill its vision and goals. The Board also expects the Superintendent to help shape the culture and environment of the district in a manner that focuses district operations on enhancing student achievement, encourages positive relationships within the community, and instills confidence in district schools.

The Board and Superintendent shall work together as a team in the exercise of district governance. The Board and Superintendent shall establish protocols that describe how the governance team will operate, including, but not limited to, agreements regarding Board meeting operations and communications between the Superintendent and the Board.

Because the Superintendent is the only district employee who is directly selected and evaluated by the Board, the Board has a responsibility to ensure that the Superintendent possesses the skills and attributes that best meet the needs of the district.

The Board and Superintendent shall agree upon a system for evaluating the Superintendent, including the evaluation criteria, method, evaluation instrument, process, and timeline.

The Superintendent may delegate to other district staff any duties imposed upon him/her by the Board. This delegation shall not relieve the Superintendent of responsibility for actions taken by his/her designees.

SUPERINTENDENT RESPONSIBILITIES AND DUTIES

The Board of Trustees desires to establish a productive working relationship with the Superintendent and to ensure that the work of the Superintendent is focused on student learning and achievement and the attainment of the district's vision and goals. The Board also desires to provide a fair basis for holding the Superintendent accountable. The responsibilities of the Superintendent are detailed in law, in the Superintendent's contract, and throughout Board policies and administrative regulations.

The Board shall clarify expectations and goals for the Superintendent at the beginning of every evaluation year.

As the chief executive officer of the district, the Superintendent shall implement all Board decisions and manage the instructional and noninstructional operations of the schools. The Superintendent also serves as a member of the district's governance team and has responsibilities to support Board operations and decision making.

The Superintendent may delegate any of his/her responsibilities and duties to other district staff, but he/she remains accountable to the Board for all areas of operation under the Superintendent's authority.

ADMINISTRATIVE DISCRETION REGARDING BOARD POLICY

Through the adoption of written policies, the Board of Trustees conveys its expectations for actions that will be taken in the district, clarifies roles and responsibilities of the Board and Superintendent, and communicates Board philosophy and direction. However, the Board recognizes that, at times, situations may arise in the operation of district schools or in the implementation of district programs that are not addressed in Board policy or administrative regulation. When resolution of such a situation necessitates immediate action, the Superintendent or designee shall have the authority to act on behalf of the district.

If the situation or its resolution may affect the safety or security of students or staff members, involve a significant impact on student learning, or create a distraction within the school community, the Superintendent or designee shall notify the Board as soon as practicable after its occurrence. If the action indicates the need for additions or revisions to Board policies, the Superintendent or designee shall make the necessary recommendations to the Board.

42605 Tier 3 categorical flexibility
REPRESENTATIVE AND DELIBERATIVE GROUPS

The Board of Trustees believes that broad input on district operations and policy from staff, parents/guardians, students and members of the public can provide the district with a diversity of viewpoints and expertise, help build a sense of ownership of the schools, enhance district efficiency and assist district communications. As desired, the Superintendent or designee may establish a management team, administrative councils, task forces, cabinets or committees in accordance with law.

The membership, composition and responsibilities of these groups shall be defined by the Superintendent or designee. The Superintendent or designee may establish, change or dissolve these groups at his/her discretion.

Groups established by the Superintendent or designee shall act in an advisory capacity unless specifically authorized to act on behalf of the Superintendent or designee. Advisory groups shall submit their recommendations to the Superintendent or designee, who may report the recommendations to the Board as appropriate.

Expenses incurred for consulting services, materials, travel or other related operations shall be approved by the Superintendent or designee in advance.
